

AMAZONAS

Rich, winding, unpredictable

like the Earth's most abounding river that crosses South America, like the hollows and bulges on the wooden panel, Amazonas.

The transcontinental river with its complicated system of natural canals is the inspiration behind the gripping outline of the Amazonas panel;

A surface of chic and graceful streak flowing down a dry riverbed disrupting any monochrome field.

Extra:

Combine panels from **AMAZONAS** and **VOLGA** to create truly unique patterns.

Specifications:

Cross-laminated wooden panel.
Double-curvature surface.
