

BURAN

A violent windstorm of the Eurasian Steppes, accompanied in summer by dust and in winter by snow, offers a mesmerizing spectrum of swirls battling through the region.

The wooden panel captures and mirrors this surging wind.

The rhythm between the sleekly merging and re-emerging contours **symbolizes life's eternal cycle** – for dust you are and to dust you will return.

Specifications:

Cross-laminated wooden panel.
Double-curvature surface.
